

## Eksporter liste

Hvis du vil eksportere listeinnholdet til en CSV-fil, klikker du på Eksporter liste, og deretter på Last ned liste.

The screenshot shows the 'Edit list: Email Subject' interface. The main form contains fields for Name (Email Subject), Description (Email Subject to queue), List type (General), and Key type (Characters). On the right, there are buttons for 'Import Wizard', 'Export list', and 'Test look-up in list'. A red arrow points from the 'Export list' button to a modal dialog titled 'Export list'. The modal dialog has a 'Delimiter' dropdown set to '; (semicolon)' and a 'Download list' button. Below the main form, there are links for 'List View/Edit', 'FTP File Import', and 'Import History', and a 'Save Changes' button.
