

## Adding another email to the connector

You can configure another email for triggering messages by following these simple steps:

1. Navigate to the **Resource groups** and select the resource group you created. Click on the PuzzelConnectorEmailTriggered option

Resource1 &		가지 않는 것이 안 가지 않는 것			×
	+ Add $\equiv\equiv$ Edit columns 💼 Delete resource group 🕐 Refresh $\rightarrow$ Move 🞍 Export to CSV	🖗 Assign tags 📋 Delete 🚽 Export templa	e 💛 Feedback
