

Lijst exporteren

Als u de inhoud van de lijst naar een csv-bestand wilt exporteren, klikt u op Lijst exporteren en vervolgens op Lijst downloaden

The screenshot shows the 'Edit list: Email Subject' interface. The main form contains fields for Name (Email Subject), Description (Email Subject to queue), List type (General), and Key type (Characters). On the right, there are buttons for 'Import Wizard', 'Export list', and 'Test look-up in list'. A red arrow points from the 'Export list' button to a modal dialog titled 'Export list'. The modal dialog has a 'Delimiter' dropdown set to '; (semicolon)' and a 'Download list' button. Below the main form, there are links for 'List View/Edit', 'FTP File Import', and 'Import History', and a 'Save Changes' button.
