

## Export list

If you want to export the list content to a csv file, click *Export list*, and then *Download list*.

The screenshot shows the 'Edit list: Email Subject' page. The main form has fields for Name (Email Subject), Description (Email Subject to queue), List type (General), and Key type (Characters). On the right, there are buttons for 'Import Wizard', 'Export list', and 'Test look-up in list'. A red arrow points from the 'Export list' button to a modal dialog titled 'Export list'. The modal dialog has a 'Delimiter' dropdown set to ';' (semicolon) and a 'Download list' button. At the bottom left of the page is a 'Save Changes' button.
