

## Welcome to the Puzzel Help Center!

You're looking at Puzzels Help Centre.

The Help Center is designed to help you get the most out of your Puzzel service.

The Help Center is made up of two parts: a knowledge base and a community. In the knowledge base we publish everything from user guides, tips & tricks, configuration guidelines, release notes and general information on when we do maintenance, how we perform and other operational information.

If you can't find an answer in our knowledge base you could try out our Community or simply submit a support request.

Please feel free to give us feedback and suggestions for improvement. If you miss something - let us know!

If you haven't created an account or submitted a ticket, take a look at the [article "How to create an account and submit a ticket"](#)
