

Adding new organisation

Organisation is a clever way of grouping tickets/customers. For example if your email is from puzzel.com we can use organisation to know that you belong to Puzzel.

To create an organisation, go to Customers -> Organisation in the main menu

Click on **+ New Organisation** button found at the right hand corner of the panel. Fill out the forms in the **New Organisation** page then click save.

The 'New Organisation' form contains several input fields: 'Name', 'Email Domains' (with a placeholder 'Enter a domain name (e.g. puzzel.com)'), 'Description' (with a placeholder 'Description (optional)'), and a 'Custom Attributes' section with 'Name' and 'Value' fields. At the bottom right, there are 'Cancel' and 'Save' buttons.

- Name – Name of your organisation
- Email Domains - domain name of your organisation. (ex: puzzel.com)
- Description - Description of your organisation
- Custom attributes - custom attributes of your organisation

After clicking save, You will now see the organisation you just added to the list.

Organisations
