Puzzel Ticketing - Release Notes October 13th 2020

The following updates will be made to Puzzel Ticketing on 13th October 2020. These are categorised as additional features, improvements to existing and bug fixes.

Additional Features

There are no additional features in this release.

Improvements:

Optimise the query for retrieving customers.

Bug fixes:

Ticket page wont load if assigned team was deleted

Description: Tickets assigned to a deleted team causes the ticket page not to load properly
Resolution: Ticket page should open/load even if team assigned was deleted
