

Exporterera lista

Om du vill exportera listinnehållet till en csv-fil klickar du på Export list, och sedan på Download list.

The screenshot shows the 'Edit list: Email Subject' interface. The main form contains fields for Name (Email Subject), Description (Email Subject to queue), List type (General), and Key type (Characters). On the right, there are buttons for 'Import Wizard', 'Export list', and 'Test look-up in list'. A red arrow points from the 'Export list' button to a modal dialog titled 'Export list'. The modal dialog has a 'Delimiter' dropdown set to '; (semicolon)' and a 'Download list' button. At the bottom left of the main interface is a 'Save Changes' button.
